Erasmus+ RiskMan Kick-Off Meeting, Muğla, Turkey December 10th , 2020

The official Kick-Off Meeting of the Erasmus+ project RiskMan was held on December 10th, 2020. As coordinating partner of the consortium, Muğla Sıtkı Koçman University (Turkey) invited all project partners to this one day online meeting. The primary objective of the meeting was for all partners to get to know each other in order to create the right conditions to work together for the next 2 years. The UNBI ... See more

Promotion of the Erasmus+ RiskMan project during the "17 May Una river Day" event

Published on 31 May, 2022

As part of the celebration of the "17 May Una river Day" on 20th of May, 2022 prof. Azra Bakrač and MA Subha Avdić presented a project "Erasmus+ "Educational Capacity Strengthening for Risk Management of Non-native Aquatic Species in the Western Balkans (Albania, Bosnia and Herzegovina and Montenegro)" – RiskMan". The presentation was attended by representatives of local authorities, fishermen's associations and local population. After the presentation of the WP's that are made so far within the project, a very useful discussion took place among present guests. Representatives of fishermen's associations pointed out the huge problems regarding certain invasive species in rivers in the USK area, while representatives of local authorities had the opportunity to hear about the issue of invasive species for the first time. As part of the discussion, certain measures were also proposed in order to raise the awareness of the local community and the authorities regarding invasive species, which the representatives of the Biotechnical Faculty will try to implement in the coming period.

U sklopu obilježavanja dana rijeke Une (17 maj), dana 20.05.2022. godine dr.sc. Azra Bakrač i MA Subha Avdić prezentirale su projekat pod nazivom „Erasmus+ project "Educational Capacity Strengthening for Risk Management of Non-native Aquatic Species in the Western Balkans (Albania, Bosnia and Herzegovina and Montenegro)" – RiskMan". Prezentaciji su prisustvovali predstavnici lokalne vlasti, udruženja ribara i lokalno stanovništvo. Nakon prezentiranja do sada urađenih paketa u sklopu projekta, uslijedila je vrlo korisna diskusija od strane prisutnih. Predstavnici ribarskih udruženja su istaknuli ogromne probleme po pitanju određenih invazivnih vrsta u rijekama na području USK, dok predstavnici lokalne vlasti su po prvi put imali priliku slušati o problematici invazivnih vrsta. U sklopu diskusije su također predložene određene mjere u cilju podizanja svijesti lokalnog stanovništva i vlasti po pitanju invazivnih vrsta, a koje će predstavnici Biotehničkog fakulteta u narednom periodu nastojati provesti.

Erasmus+ CBHE project RiskMan

Published by Biotehnicki Fakultet · 14 m ·

RiskMan meeting about invasive and horizon aquatic species in Bosnia and Herzegovina.

A meeting among two RiskMan partner universities, University of Sarajevo and University of Bihać, was held on 23th of June and chaired by Prof. Marina Piria, PhD, from University of Zagreb.

The aim of the meeting was to review the list of invasive aquatic species in Bosnia and Herzegovina. In addition to invasive species, the list includes horizon species (species that are currently being discovered in some of the neighboring countries and which could soon be found in our country as well). It is important to point out that this is the first decisive list of invasive aquatic species in our country so far, and as such it will give a good insight when it comes to the possibilities of monitoring invasive species in our country.

RiskMan Steering Committee Meeting – Kotor, Montenegro

Published on 21st June, 2022

The **RiskMan Steering Committee Meeting** was held in Kotor, Montenegro between 13 June and 18 June 2022. The agenda of the meeting included activities related to the currently open work packages WP4, WP5 and WP7. Within these WPs, activities such as *Analysis of Pilot test results*, *Finalizing the new courses and starting implementation processes*, *Training activities in partner countries*, *Producing final reports for tailored courses*, *Producing policy framework for creating new occupation "RiskManager"* were discussed. It is also important to note that the members of the RiskMan project with their scientific papers participated in the International Conference "Adriatic Biodiversity Protection – AdriBioPro2022".

Sastanak Upravnog odbora Erasmus+ CBHE RiskMan projekta održan je u Kotoru, Crna Gora, u periodu od 13. do 18. juna 2022. Tokom sastanka učesnici su raspravljali i odlučivali o aktivnostima vezanim za trenutno otvorene radne pakete WP4, WP5 i WP7. U okviru ovih WP-a razgovaralo se o zadacima kao što su Analiza rezultata pilot testiranja, Finalizacija novih kurseva i početak procesa implementacije, Aktivnosti obuke u partnerskim zemljama, Izrada završnih izvještaja za prilagođene kurseve, Izrada okvira politike za kreiranje novog zanimanja „RiskManager“. Također je važno napomenuti da su članovi projekta RiskMan sa svojim naučnim radovima učestvovali na Međunarodnoj konferenciji International Conference "Adriatic Biodiversity Protection – AdriBioPro2022".

Posjeta prof. dr. Marine Pirie Univerzitetu u Bihaću

14.06.2022 - 09:45

U sklopu radnih i promotivnih aktivnosti Erasmus+ CBHE projekta RiskMan prof. dr. Marina Piria, redovni profesor Agronomskog fakulteta Sveučilišta u Zagrebu boravila je u jednodnevnoj posjeti Univerzitetu u Bihaću. U okviru ove posjete u prostorijama Rektorata Univerziteta u Bihaću upriličen je prijem kod rektora Univerziteta prof. dr. Fadila Islamovića, kojeg su učesnici projekta ispred našeg Univerziteta prof. dr. Azra Bakrač, prof. dr. Emir Mujčić i viši ass. Subha Avdić zajedno s profesoricom Piriom izvijestili o dosad postignutim rezultatima projekta, te o planiranim aktivnostima u narednom periodu. Pored ovih aktivnosti prof. dr. Marina Piria je u sklopu 7. međunarodne naučno-stručne konferencije "5. juni Svjetski dan zaštite okoliša" održala plenarno predavanje. Tokom izlaganja rada prof. dr. Piria je prezentirala postignute, obrađene i publikovane rezultate RiskMan projekta koji se odnose na procjenu regulacije, obrazovne prakse i

Visit of prof. Marina Piria, PhD to University of Bihać

Posted on June 14, 2022

As part of working and promotional activities in the scope of the **Erasmus+ CBHE project RiskMan**, Marina Piria, full professor at the Faculty of Agriculture, University of Zagreb, paid a one-day visit to the University of Bihać. As a part of this visit, during a reception by the Rector of the University, prof. dr. Fadil Islamović, participants in the project from our University: prof. dr. Azra Bakrač, prof. dr. Emir Mujić and senior ass. Subha Avdić together with Professor Pirie, reported on the results achieved so far in the project, and also on the planned activities in the coming period. Further, in the scope of the Seventh International Scientific Conference "June 5th – World Environment Day", organized by the Biotechnical Faculty of the University of Bihać, prof. dr. Marina Piria held a plenary lecture entitled ANALYSIS OF LEGISLATION ON THE MANAGEMENT OF THE INTRODUCTION AND SPREAD OF INVASIVE ALIEN SPECIES IN THE WESTERN BALKANS. During the presentation of the paper, prof. dr. Piria presented the achieved, processed and published results of the RiskMan project related to the assessment of regulation, educational practice and socio-economic perception of allochthonous aquatic species in the Balkan.

U sklopu radnih i promotivnih aktivnosti Erasmus+ CBHE projekta RiskMan prof. dr. Marina Piria, redovni profesor Agronomskog fakulteta, Sveučilišta u Zagrebu boravila je u jednodnevnoj posjeti Univerzitetu u Bihaću. U okviru ove posjete u prostorijama Rektorata, Univerziteta u Bihaću upriličen je prijem kod rektora Univerziteta prof. dr. Fadila Islamovića, kojeg su učesnici projekta ispred našeg Univerziteta prof. dr. Azra Bakrač, prof. dr. Emir Mujić i viši ass. Subha Avdić zajedno s profesoricom Piriom izvijestili o dosad postignutim rezultatima projekta, te o planiranim aktivnostima u narednom periodu. Pored ovih aktivnosti prof. dr. Marina Piria je u sklopu Seventh International Scientific Conference „June 5th – World Environment Day“, organized by the Biotechnical Faculty of the University of Bihać održala plenarno predavanje pod nazivom ANALYSIS OF LEGISLATION ON THE MANAGEMENT OF THE INTRODUCTION AND SPREAD OF INVASIVE ALIEN SPECIES IN THE WESTERN BALKANS. Tokom izlaganja ovog rada prof. dr. Marina je prezentirala postignute, obrađene i publikovane rezultate RiskMan projekta koji se odnose na procjenu regulacije, obrazovne prakse i socio-ekonomske percepcije alohtonih vodenih vrsta na području Balkana.
